## 2.2 OVERVIEW OF THE YEAR 2022 KCSE EXAMINATION REPORT

- 2.2.1 This report covers two areas of the year 2022 examination. *Part I* consists of an analysis and discussion of examination questions which the majority of the candidates found difficult. *Part II* is a compilation of all the question papers and their sample marking schemes in the subjects.
- 2.2.2 It should be noted that the attached marking schemes are normally discussed in detail by the examiners and may be amended accordingly before they are used to score the candidates scripts.
- 2.2.3 The KCSE examination report analyses in detail candidates' performance in the KCSE examination. Its main aim is to provide a feedback on candidates' performance in KCSE examination subjects, with a focus on those questions which candidates found difficult. Such questions have been identified and discussed, possible causes of mistakes pointed out and expected responses in some cases have been given in order to show what kind of responses were expected.
- 2.2.4 The report indicates areas of the syllabus not adequately covered. This is indicated by the poor performance of candidates. The report also gives recommendations on how such areas could be handled and improve on curriculum delivery at the school level.
