

LEARNING RESOURCES

Learning Resources

- What is a resource?
- What is a learning resource??

KWL

- 1. What *I know* about
- 2. What *I want to know* about

What are Learning Resources?

These refer to items/tools, people or places that are used by teachers and instructors to facilitate learning and understanding of concepts among learners.

Purpose

- They make learning real, practical and pleasurable for the learners.
- They are also used to illustrate or reinforce a skill, viewpoint, perspective or an idea
- They activate, influence motivation and arouse interest in learners
- They help clarify, interpret and compare important concepts, phenomena and events

Purpose...Cont.

- They make learning more focused, effective, interesting, vivid, meaningful and imaginative
- They promote better understanding and development of different skills, values and attitudes
- They promote teacher-learner and learner-learner communication and interaction(communication and collaboration)

TASK 1: GROUP WORK

What factors should you consider when choosing learning resources?

TASK 1:GROUP WORK... cont.

Some of the factors you should consider when choosing learning resources include:-

- Availability
- Durability
- Cost
- Target Audience
- Interesting/captivating
- Purpose of the resource
- Type of the resource
- Attractiveness
- Viability
- Adaptability

Learning resources can be differentiated according to;

- their different characteristics that are apparent at first glance,
- their different communication systems or
- the senses utilised by learners in the process of receiving the information

These can be divided into

1. Pictorials

- Pictorial representations
- Graphic representations

2. Written: These have text.

- Primary sources
- Secondary sources

Audio Visuals

Activity:

Participants to brainstorm on Audio Visuals

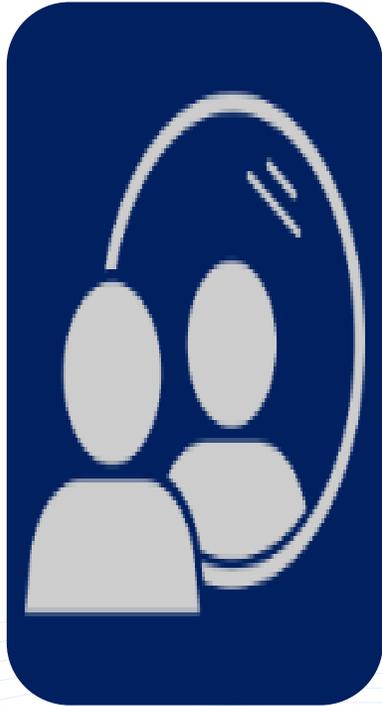

- These are combinations of sound , image and text

ONLINE LEARNING RESOURCES

- Any resource available on the internet in an online educational environment
- Using the internet produces necessary information in a short time, it is used for communication, to browse various databases, check the latest news, comment on events and even gain additional knowledge or education
- This includes Kenya Education Cloud which has a variety of content that anyone can access any time, anywhere, through any device.

TASK 3: GROUP WORK

- Using available resources, develop an effective learning resource.
- Present in plenary what has been developed.
- Discuss how you would use the resource to facilitate learning.

Self-Reflection

1. I learnt.....
 2. I need to learn more about.....
 3. How I will apply what I have learnt
- Suggestions I have for improvement of the session
